E. Concessions – Shannon Cox

- Food safety-We have put ice packs in the freezer to use in the blue ice chest once you put all the meat in it to keep it cold. Please make sure to keep all meat in there for safety reasons. We can cook hot dogs frozen if we should run out. Hamburgers must be cooked and stay frozen at all times. Unthawed hot dogs and sausages can be put in the fridge. When you take sausages out of the refrigerator, replace them with frozen ones to they can start to unthaw. If you need to unthaw sausages fast we can put them in the kitchen in a pan with cold water. We also need to make sure that everyone handling any of the hot food are wearing gloves.
- Seasoning- We have the best burgers. Please watch over seasoning. It was brought to my attention that we have had some complaints.

- We have decided that the last game of the day will stop grilling at the beginning of the 4th inning. We have been having too much left-over food. Once we are out of something we are out. Please try to cook in smaller batches as well so the food is staying fresh
